MEDICARE INFORMATION PROJECT

Return to Original Medicare Checklist

For people considering a switch from Medicare Advantage

Use this sheet to prepare for the change and record the dates Medicare and your insurers confirm. Keep it with your coverage notices.

- [ ] **Confirm your enrollment window**
  Ask Medicare which window you can use and when your Medicare Advantage plan would end.

- [ ] **Check your providers and upcoming care**
  Ask each office if it accepts Original Medicare and how it will bill any scheduled treatment.

- [ ] **Arrange prescription coverage**
  Check your drugs and pharmacy. Ask if any other drug coverage is creditable.

- [ ] **Verify Medigap options, if you want a policy**
  Ask about your right to buy, application deadlines, and underwriting. Get approval and the proposed start date in writing before relying on it.

- [ ] **Save your coverage confirmations**
  Record each date below. Keep letters or confirmation numbers and follow up on any mismatch.
